Dear Ms. Fulton:

At its April 29, 2019 Quarterly Meeting, the Norwin School District Community Foundation Board of Directors considered eight applications for the Educator Innovation Grant (EIG) program.

I am delighted to inform you that your project, Crazy for Circuits, has been selected for funding in the amount of \$944.00. You may now begin the ordering process to make this project a reality. When you are ready to send the order, send me a note and I will provide you a check to cover the costs up to \$944.00. If you plan to order through your school, please inform me as to whom the reimbursement should be made. In either case, I will need a copy of the purchase order and/or invoice, as we are required to have documentation of expenditures for our auditors.

You may be asked to assist us in providing a news release to highlight the EIG program within the Norwin School District and to provide the NSDCF Board of Directors with a progress report at its winter quarterly meeting. We will provide you with ample advance notice for these requests.

Thank you for your desire to enhance the teaching and learning process. On behalf of the Board of Directors of the Norwin School District Community Foundation, I offer our best wishes for success with your project to stimulate the intellectual curiosity of your students.

Sincerely,

John C. Boylan, D.Ed., President

Dear Ms. Brunetto:

At its April 29, 2019 Quarterly Meeting, the Norwin School District Community Foundation Board of Directors considered eight applications for the Educator Innovation Grant (EIG) program.

I am delighted to inform you that your project, The Garden Project, has been selected for funding in the amount of \$250.00. You may now begin the ordering process to make this project a reality. When you are ready to send the order, send me a note and I will provide you a check to cover the costs up to \$250.00. If you plan to order through your school, please inform me as to whom the reimbursement should be made. In either case, I will need a copy of the purchase order and/or invoice, as we are required to have documentation of expenditures for our auditors.

As you must have noted, this grant allotment exceeds your requested amount. The Directors felt there may be more supplies/materials needed to complete this project; therefore, they chose to increase your grant allotment.

You may be asked to assist us in providing a news release to highlight the EIG program within the Norwin School District and to provide the NSDCF Board of Directors with a progress report at its winter quarterly meeting. We will provide you with ample advance notice for these requests.

Thank you for your desire to enhance the teaching and learning process. On behalf of the Board of Directors of the Norwin School District Community Foundation, I offer our best wishes for success with your project to stimulate the intellectual curiosity of your students
